We believe that if our country had a national cuisine, it would most assuredly be **BARBECUE.**

The North End Barbecue and Moonshine features American regional barbecue that aims to honor the great technique and tradition of our favorite food. We support farms that raise their beef, pork, chicken and turkey naturally without the use of antibiotics or hormones.

The North End features the most extensive whiskey selection in the state, local beers, craft cocktails, a hand-selected wine list. An emphasis is placed on genuine hospitality and professional service that anticipates our guests' needs.

The North End is perfect for a night out with the family, business dinners in one of our two private dining rooms or grabbing drinks with friends in the bar. We also have a patio for outdoor dining with a retractable roof, lounge seating and an outdoor fireplace.
